H2338: REGIONAL WATER AUGMENTATION AUTHORITIES

Adds a new chapter to article 45 (Waters) regulating regional water augmentation authorities. Two or more specified entities, one of which must be a public agency, may form a regional water augmentation authority. Establishes the processes for formation and dissolution of the authority. Powers and duties of a board of directors are specified, including to lawfully acquire or sell property, easements and rights-of-way for water supplies and projects, acquire or assign water rights, acquire and sell water, treat water, charge fees for services and water sales, issue revenue bonds, and exercise the power of eminent domain in specified circumstances. Authority boards are also authorized to apply for and receive financial assistance from the water supply development revolving trust fund. Establishes regulations for revenue bonds issued by an authority, including bond authorization, obligation for the bonds, issuance and sale of the bonds, authorized investments of bond proceeds, and payment of bonds. Appropriates \$30 million from the general fund in FY2013-14 to the water supply development revolving

trust fund for the purposes of this legislation.

S1290: OFFICE OF PEST MANAGEMENT

Numerous changes to statutes regulating structural pest management. The regulation of pest management is of statewide concern and not subject to further regulation by political subdivisions. Structural pest management regulations do not apply to pesticide applications used directly in the commercial production of

crops and animals or used, if not for hire, on golf courses. The list of persons except from structural pest management licensure and registration is modified. The Director of the Office of Pest Management is required to adopt rules for licensure and registration, including application and renewal fees, training requirements and financial security standards, and is authorized to enter into consent agreements and designate devices that are exempt from licensure or registration. Political subdivisions and their employees that use pesticides on property owned, leased or managed by the political subdivision are not required to be licensed. The Director is required to establish by rule a Pest Management Advisory Committee and appoint 5 members to the Committee. Session law provides for continuing fee authority for the Office. Much more.
