H2319: JUST COMPENSATION; PAYMENT; TAX CREDIT

If the existing rights to use, divide, sell or possess private real property are reduced by the enactment or applicability of any land use law enacted after the date the property is transferred to the owner and that action reduces the fair market value of the property, the owner may waive the right to just compensation and instead claim an income tax credit in the same amount. The State Treasurer must withhold from the distribution of state shared revenue or other distributions to the county, municipality or other political subdivision that enacted the land use law the aggregate amount of credits claimed for that law. Monies withheld are credited to the general fund. Does not apply to a list of specified land use laws. Due to voter protection, this bill requires the affirmative vote of at least 3/4 of each house of the Legislature for passage.

H2328: COMPACT; CONVENTION; BALANCED BUDGET

Enacts a compact declaring the state's intent to originate a balanced budget amendment to the U.S. Constitution. The compact becomes binding when at least one other state has adopted substantively identical legislation. Contains a model of the proposed balanced budget amendment, which prohibits total outlays of the government of the U.S. from exceeding total receipts at any point in time unless the excess is financed by debt that is first approved by the legislatures of the several states. The amendment also requires any bill that provides for a new or increased general revenue tax to be approved by a 2/3 roll call vote of the whole

number of each house of Congress, with the exception of either a new end user sales tax that would completely replace every existing income tax or the reduction or elimination of an exemption, deduction or credit. Once at least 3/4 of the states adopt the compact, the legislatures of member states apply to Congress for a convention for proposing the balanced budget amendment. Provides for the appointment of convention delegates and specifies convention rules. Upon referral of the amendment to the states, each member state hereby adopts and ratifies the amendment. Contains provisions for construction, enforcement, venue and severability of the compact.

H2331: BONDING; TAXATION; EXPENDITURES; DISTRICT LIMITATIONS

New special taxing districts cannot be formed within the jurisdiction of a political subdivision if the sum of that political subdivision's property taxes and the aggregate amount of property taxes being levied by all other special taxing districts located in any portion of that political subdivision exceeds the constitutional limit on local ad valorem tax levies. Special taxing districts are prohibited from levying a new or increased property tax if the sum of property taxes of any political subdivision in which any portion of the district is located and the aggregate amount of property taxes being levied by all other special taxing districts located in any portion of that political subdivision exceeds the constitutional limit on local ad valorem tax levies. New industrial development authorities cannot be formed within the jurisdiction of a political subdivision if the sum of that political subdivision's expenditures and the aggregate expenditures by all other industrial development authorities located in any portion of that political subdivision exceeds the constitutional local government expenditure limit. An industrial development authority is prohibited from making a new or increased expenditure if the sum of the expenditures of any political subdivision in which any portion of the authority is located and the aggregate expenditures by all other industrial development authorities located in any portion of that political subdivision exceeds the constitutional local government expenditure limit. Additionally, public bonds cannot be issued by any entity that is not governed by an elected governing body. Session law declares the bonding limitations and aggregate taxation and expenditure limitations in this legislation are of statewide concern and preempt any local government ordinance, charter, policy or rule to the contrary. Severability clause.

H2590: COMPREHENSIVE TPT; INCOME TAX REPEAL

Effective January 1, 2017, individual and corporate income taxes are repealed. Transaction privilege tax (TPT) rates are increased to 6.3 percent for transient lodging, 6 percent for commercial leases and mining, and 5.7 percent for all other business classifications. Numerous exemptions from the retail TPT classification are deleted. The services classification is established, defined and added to the list of exemptions from retail TPT. The TPT exemption for sales of food is repealed. Eliminates TPT-related state shared revenue formulas and instead

requires the Department of Revenue to pay \$978 million of TPT revenues beginning in FY2017-18 to incorporated cities and towns and counties in equal monthly installments, to be increased by an unspecified percent (blank in original) each fiscal year. Instead of 15 percent of state income taxes, \$424.4 million is appropriated in FY2018-19 from the general fund to the Urban Revenue Sharing Fund, and each FY after the amount will be increased by an unspecified percent (blank in original). Establishes the Transaction Privilege Tax Rate Task Force to recommend a final TPT rate, consisting of the members of the Economic Estimates Commission and two additional members appointed by the President of the Senate and Speaker of the House of Representatives. The Task Force is required to recommend a revenue neutral TPT rate based on broadening the TPT base and repealing the income tax and report to the Governor and the Legislature by December 31, 2015. A claim for credit is in lieu of and constitutes a waiver of litigation or judicial remedies against the responsible regulatory entity. The credit is capped at \$4,000 for a claimant, and the aggregate amount of credits is capped at \$400,000 in calendar years 2015 and 2016 and at \$800,000 in 2017 and after. If the amount of the credit exceeds taxes due, the unused amount may be carried forward as a credit against up to five consecutive tax years. The amount of the credit constitutes a debit against the general fund appropriation to any state agency directly responsible for the regulation that resulted in the credit. Establishes a process for claiming the credit, including applying to the Governor's Regulatory Review Council. H2657: TRANSACTION PRIVILEGE TAX CHANGES

Numerous changes related to transaction privilege taxes (TPT) and affiliated excise taxes. Requirements for the sourcing of transactions are established, effective January 1, 2014. Retail sales of tangible personal property must be sourced to the seller's business location if the seller receives the order at a business location in Arizona or to the purchaser's location in Arizona if the seller receives the order at a business location outside of Arizona. For the purposes of municipal excise taxes, the jurisdiction with the right to tax a sale of tangible personal property is the municipality where the order is received (defined), or where the stock is located from which the property is taken, or where the transfer of title or possession of the property occurred. The gross receipts from leasing or renting tangible personal property must be sourced to the lessor's business location in Arizona or to the lessee's address if the lessor does not have a business location in Arizona. The list of exemptions from the retail TPT classification is modified to remove sales to nonresidents for use outside the state if the vendor ships or delivers the property out of the state, and sales of property that is shipped or delivered directly to a destination outside the U.S. for use in a foreign country. Effective January 1, 2015, the prime contracting and owner builder sales transaction privilege tax classifications are eliminated and replaced with a manufactured building dealer classification. The sale of tangible personal property to a "contractor" (defined), regardless of whether it will be incorporated into a building or structure, is considered to be a retail sale and is subject to retail TPT unless otherwise exempt. Prime contracting TPT distributions to political

subdivisions are deleted. Tangible personal property sold to a manufactured building dealer is only exempt from the retail TPT classification only if the property is to be incorporated or fabricated into a manufactured building. Numerous items are removed from the list of deductions from the tax base for the manufactured building dealer classification (formerly prime contracting). Once the distribution of revenues for municipal or county infrastructure improvements related to manufacturing facilities has reached the maximum amount, 40 percent of the remaining TPT revenues from the retail classification are designated as the distribution base for state shared revenues, increased from 20 percent. The Department of Revenue is required, rather than permitted, to collect and administer TPT and use taxes imposed by municipalities and to enter into intergovernmental agreements with municipalities to provide a uniform method of administration, collection, audit and licensing of TPT and affiliated excise taxes. Municipalities are prohibited from employing auditors and entering into contracts with a party other than the state for the collection, administration and processing of TPT or affiliated taxes. Municipalities are prohibited from levying a TPT or use tax on construction contracting, owner builder sales or speculative building. Municipalities are no longer prohibited from levying a TPT or use tax on sales of motor vehicles to nonresidents for use outside the state or on any amount attributable to development fees incurred in relation to construction. Effective January 1, 2014, if a county or special taxing district levies one or more excise taxes on the effective date of this legislation, and if approved by the voters at a county-wide or district-wide election, a county or district is authorized to levy an excise tax on the storage, use or consumption in the county of tangible personal property purchased from a retailer, as a percentage of the sales price. The tax must be at a rate equal to the sum of the rates of all the excise taxes levied on the effective date. The Department of Revenue is required to collect the tax. Session law provides that this legislation does not apply to or affect the tax liability of contracts entered into before January 1, 2015 by a person engaged in business under the prime contracting classification or the construction contracting, owner builder or speculative builder classification of the model city tax code, or to the sale of tangible personal property to a contractor for incorporation into a project that was subject to a tax deduction.
