Business Items

1. Open Board Seat

Ethan's contact has not accepted the seat as of yet. We are still looking for a person to fill a crematory seat.

AFCCA Mission

Encouraging the continuance of education of our members, promoting high ethical standards in our industry, and providing advocacy for death care professionals and the families they serve.

2. Crematory Operators Training

Arizona has a need for an annual Crematory Operators Training program. The board agrees that we should reach out to Mike Nicodemus for the NFDA Crematory Operators training to see if it would be available annually.

3. Other Business

Steve Palmer updated from the NFDA Policy Board. FTC Chairman was at odds with President Trump and was planning on leaving. However, he plans to stay on as chair with the Biden election and he is a good friend of Funeral Service.

The NFDA Policy Board is looking to dissolve next year. The new plan would be to have monthly virtual meetings and bring all issues to the membership. Each state would have a spokesperson and a vote when making these decisions. However, any member from the state can participate and bring up issues.

Arizona General Audit of State Board

Recently, the Auditor General examined the Arizona State Board of Funeral Directors and Embalmers, making 24 recommendations based on their findings. The AFCCA board would like to invite Judith Stapley come and explain the findings and what her plan of action is to remedy. As the state Association and State Board have a good working relationship, it's important that we come together and protect Funeral service in Arizona. We will discuss how we as an association can help.

In place of normal board meeting, we will schedule a meeting with Judy to discuss audit the second week of December.
